Subject:	Japan

Hi Ehud,
Tomorrow morning I fly to Tokyo and will be meeting with the Defense Intelligence HQ.
I have a number of unique, multimillion dollar defense capabilities to introduce to the Japanese market.
I would also like to meet with the leadership of the new intelligence agency being established, or someone senior at the PMO, if possible.
Are you able to broker an introduction in advance of my trip to any senior defense or intelligence officials?
Our agreed upon 10% commission would apply, which would likely equate to $100K+.
Please advise if you can assist on this matter.
Warm regards,
Joel
PS I fly again to NY later in the month and will followup with Ira then.
